Covington Center Arena

July 2, 2023 8:00 AM – 4:00 PM

Please join us for an educational opportunity with an excellent Instructor. Stephanie Mosely has dedicated herself to teaching what top riders actually do to achieve amazing results. Horses and riders from every discipline and level of experience can benefit from Stephanie's calm and clear style. Western Dressage riders welcome!

The 'Ride With Your Mind' approach streamlines rider concentration, body awareness, and core muscle strength to create incredible improvements in the rider's seat and in the horse's movement and responses. Riders learn how to be proactive rather than reactive. If you are tired of basically having the same lesson over and over, come ride with Stephanie. Her eye for balance "sees" the little things that can make a huge difference in the rider's effectiveness and thus, the horse's way of going. Stephanie gives riders the tools they need to ride well, thus The Empowered Rider.

RIDING OPPORTUNITY

The first 10 fully registered and paid riders to apply will be accepted. Riders will receive individual lessons with Stephanie. Each rider will have the opportunity to work one on one towards their goals and will be given the tools necessary to reach those goals! Riders of all ages and levels are welcome.
